## Updates & Upcoming Events from I4C

September 1, 2021

**Hello,**

Welcome back!

The Iribe Initiative for Inclusion and Diversity in Computing (aka I4C) aims to create a vibrant, inclusive community of students, educators, and researchers coming together to increase the involvement—and success—of underrepresented populations interested in computing.

This semester, our team of faculty, staff, and students are ready to support you in your academic journey at UMD. Throughout the year, we plan to offer a blend of in person, hybrid, and virtual events and opportunities programming to support you.

I4C has specific resources and support for students who identify as Black and Indigenous Person of Color (BIPOC). You can connect through these resources in the following ways:
