

2020-21 BY THE NUMBERS

24

Partners

Helped us reach 1500+ K-12 students and over 800+ current students.

Over 85% of all students served are from underrepresented in computing

800+

Students

Attended our programs virtually including diversity conferences, tutoring, peer mentoring, and additional virtual events. 300+ joined our new virtual engagement spaces on Slack and ELMS

35

**Outreach
Ambassadors**

Supported 210 activities that encouraged students from underrepresented populations to pursue computing careers and interests serving over 1,500 K-12 students, families, and educators

900+

Tutoring Sessions

Held by our 17 tutors through both Guided Study Sessions and 1:1 tutoring for 350+ current students

150+

Attendees

Professional conferences such as Afro Tech, BEYA STEM, Tapia, and the Grace Hopper Celebration, Celebration of Diversity in Computing, Wonder Women in Tech DC, and oSTEM

175

Campers

Participated in our virtual summer camp programming through AI4ALL, CompSciConnect, and Cyber Defense Camp
