

UNIVERSITY OF  
MARYLAND

# JumpStart Computing Elementary Camp

Session 1: June 22 - June 26

Session 2: July 27 - July 31

Rising 4th and 5th graders are invited to an interactive learning experience in computing, robotics, and cybersecurity.

Undergraduate students will cover topics such as Python Art, Number Theory, Scratch, Cryptography and Robotics over the course of this one-week camp. This event will provide students with the opportunity to explore computing topics, and learning about additional resources to continue their learning. Students should have a basic level of reading comprehension and math skills.
