

JumpStart Computing Application

Elementary students (currently in grades 3-4) are invited to the University of Maryland for an interactive learning experience in computing, robotics, and cybersecurity! Undergraduate students will lead workshops in topics such as Python Art, Data Theory, Scratch, and Cryptography. This event will provide students with the opportunity to explore computing topics, and learn about additional resources to continue their learning.

This is a one-week camp. Classes will begin at 9am and end at 3pm. Before and After Care will be available for an additional fee.

This camp will host two different sessions this summer:

Session One: June 22nd-June 26th

Session Two: July 27th-July 31st

Please complete the application by March 9th for best consideration.

**Financial Aid is available. Scholarship Application will open on February 5th and are reviewed on a rolling basis between March 18th and April 10th. Scholarships Application will close on April 10th.
