Mentoring:
Do you want to mentor students? Our mentoring program has had a revamp. Learn more about the mentoring program here. You can register for any of the three sessions (October, January, or March)

The I4C Mentoring program will take advantage of three (3) six-week long sessions across the academic year. The flexibility allows for students and partners to engage during the most convenient season for them, or stay connected through the year. All partners are invited to participate in the I4C Mentoring Program. Using the online system TerrapinConnect (People Grove). Mentors are matched with students for 6-7 weeks to engage with students from traditionally underrepresented in tech. Mentees are typically undergraduate students studying tech who are looking for career support and professional development. Mentors commit to 6-7 weeks of 1:1 meetings. Mentors can join 3 times a year – October, January, and March. Interest Form: https://go.umd.edu/Fall22_PM_Interest
Employer Spotlight Clusters:
Market your company to our I4C students. Across a one-week period, we spotlight a group of sponsors in our online engagement platform as well as in our marketing and branding. Spotlights not confirmed by September 9 will be automatically assigned. Digital flyers will be shared across the department. Office hours or drop-in open houses can be hosted during your spotlight.(No more than 4 employers will be spotlighted at a time)
