

IRIBE INITIATIVE FOR  
INCLUSION & DIVERSITY  
IN COMPUTING

# JumpStart Computing Elementary Camp

**Program Dates: June 26 - July 1**

**Rising 4th and 5th graders are invited to JumpStart, an interactive learning experience in computing, robotics, and cybersecurity.**

Undergraduate students will cover topics such as Python Art, Number Theory, Scratch, Cryptography and Robotics during this one-week camp. This program will provide students with the opportunity to explore computing topics and learn about additional resources to continue learning. Students should have a basic level of reading comprehension and math skills.

**Register: [go.umd.edu/i4c\\_Sum22ESApp](https://go.umd.edu/i4c_Sum22ESApp)**

**Best Consideration Date: March 11**
